

Customer Support Log - Payment Failure

ORD-640192

Customer Name: Kamesh Reddy

Order ID: ORD-640192

Product: Fastrack Smartwatch

Complaint: Payment failure with amount debited

Customer Message: I tried buying the smartwatch on 20/09/2024 for ₹3,499. During checkout, the payment page threw an error and showed order failed, but ₹3,499 was debited from my HDFC bank account. My address is in Hyderabad. Please confirm my order or refund my money.

Support Response: Dear Kamesh, we regret the inconvenience. This happened due to a temporary payment gateway timeout. We have verified that the amount was debited but the order was not generated.

Resolution: Reversal initiated with payment gateway on 21/09/2024; amount of ₹3,499 credited back to customer HDFC bank account on 22/09/2024.
