

Customer Support Log ORD-304958 Payment Failure and Refund

Customer Name: Amitav Das

Order ID: ORD-304958

Product: Boat Airdopes 141 Wireless Earbuds

Complaint: Payment Failures and Refunds

Customer Message: Hello, I tried placing an order for Boat Airdopes on 15/01/2024. The payment of **■1,299** was deducted from my HDFC bank account via UPI, but the portal showed payment failed and marked Order ID ORD-304958 as cancelled. Please issue my refund.

Support Response: Dear Amitav, we regret the inconvenience. A technical glitch at the payment gateway caused funds to be debited without confirming the transaction. We have verified the failure with our finance team and initiated a full refund of **■1,299** back to your UPI linked bank account.

Resolution: Full refund of **■1,299** processed on 16/01/2024. Amount successfully credited back to customer bank account on 17/01/2024.
