

Support Ticket ORD-603184 Payment Failure Double Deduction

Customer Name: Suresh Kumar

Order ID: ORD-603184

Product: Prestige Induction Cooktop

Complaint: Payment Failure

Customer Message: Hi, I attempted to purchase a Prestige Induction Cooktop for ₹2,850 on 10/09/2023. The payment failed on the app, but ₹2,850 was debited twice from my bank account. Please check and refund the total ₹5,700 to my account in Hyderabad.

Support Response: Dear Suresh, we regret the technical glitch. Our billing team has confirmed that two failed transaction attempts resulted in double debits without generating an active order.

Resolution: Both failed payments totaling ₹5,700 were reversed on 11/09/2025. Amount reflected back in the customer bank account on 12/09/2023.
